## Company Profile

**Copamate Products Pty Ltd** is an innovative market leader supplying a wide range of products to the industrial plumbing, rail and mining industries. Copamate continues to develop, applying its diverse knowledge with more than two decades of industry experience.

Our core focus is to supply customers with the highest quality products and services; embracing - problem solving, sourcing, product development, manufacturing and refurbishment programs.

We are committed to excellence in all aspects of our business – people, systems, customer service, quality and technology.

### Key objectives:

1. Ensuring customer satisfaction is achieved, maintained and exceeded through the delivery of competitive quality products & services on time.
2. Maintain implemented programs of best practices of quality procedures and safety within the organisation.
3. To maintain and continually improve, an effective quality system that exceeds the requirements of our customers.

Our quality management system is maintained to current ISO 9001:2008 requirements. The company is committed to provide custom, sourced and proprietary products in compliance with established specifications, relevant national/international standards and regulatory requirements.
